

# A8 Biodegradable Mulch Mat 750gsm

## product information

**Weed suppressant, soil compaction/erosion, moisture loss and frost can inhibit growth of seeds and saplings.**

**A8 retains moisture in arid conditions but allows passage of moisture in damp conditions without compromising the ability to suppress weed growth thereby improving growing conditions without the need for chemical treatment.**

<b>Applications:</b>	To improve growing conditions and reduce soil compaction/erosion.
<b>Fibre composition:</b>	Jute based fibres on biodegradable backing.
<b>Nominal weight:</b>	750g/m <sup>2</sup> (+/- 0.5%)
<b>Nominal thickness:</b>	6.5mm
<b>Dimensions:</b>	50cm x 50cm, 100cm x 100cm
<b>Additional information:</b>	A8 is 100% biodegradable. Last 2 seasons, approximately. Due to varying site conditions, manner of installation and severe weather conditions, this may vary.
<b>Installation:</b>	Robust and easy install. Fix into position using pegs or steel pins. Overlap mat where possible to restrict weed growth. Product will not fray or tear at the edges. For planting cut L-shape into mat and fold corner back.
